Mr. J. M. Frankel will leave for New York to do buy new goods.
Mr. and Mrs. P. H. Cunningham, Henderson, arrived Sunday on a visit to Judge Winfree's family.
Rev. J. W. Lewis left yesterday for Hartford, Ky., to assist Rev. L. E. Campbell in a protracted meeting. He will be absent until March 1st.
Mrs. J. H. Green and Miss Saline Campbell left for Martinsburg, W. Va., Saturday, being summoned by the critical illness of their sister, Mrs. Snodgrass, who died Sunday.

CREAM OF NEWS.
Beach & Bowers' Minstrels.
Those who have been "hungry" for a first-class minstrel show are gratified at last. One of the best on the road is coming next Friday night. The Antioch, Wis. News says:
"Thursday night Antioch had a treat in the way of an entertainment such as it has never had before, being the first appearance of Beach & Bowers' Minstrels. Never has the Opera House been so full, and never has a company played here that so richly deserved it. Unlike most minstrel troupes, the Beach & Bowers company give an entertainment that is devoid of vulgarity and coarseness from beginning to close. Their audience was kept in one continuous roar for nearly two hours. Many of the actors received encore upon encore. We have not space to particularize, but we must say that Beach & Bowers draw away the hardest attack of blues that ever got hold of man. He makes you laugh in spite of himself because he is there 'for that purpose.' They can rely upon a hearty reception if they ever come this way again."

The Davenport, Iowa, Gazette says: "There was just about standing room at the Opera House last evening, on the occasion of the opening of the season by Beach & Bowers' Minstrels. The audience was a fashionable one, and included many of the most prominent people in the city; and there was not one in the large assemblage that did not heartily appreciate the performance, which was first-class in every respect."
Don't forget the date, next Friday, Feb. 22, Washington's Birthday.
Northwestern Towns and Waterworks.
While the people of Hopkinsville have the establishment of waterworks under consideration it will be interesting to note how promptly the young towns of the new territory of Dakota have acted in providing for their wants in this respect. The following are some of the Dakota towns which have established systems of water works electric lights, gas and other city improvements. The populations of the respective places is given. Bismarck, 4,500; Deadwood, 5,000; Rapid City, 5,000; Grand Fork, 7,500; Aberdeen, 6,000; Watertown, 5,000; Huron, 4,000. In all of these towns water works were established long before they had reached their present population. Here lies the secret of Northwestern progress; the people know the worth of these improvements and act upon their knowledge. Hopkinsville should study their example.

COMMERCIAL CLUB ROOM.
To Be Voted Upon.
The Chautauques have decided to settle the subject of Wendling's lecture on the 25th by a vote of the ticket holders. The lecture agreed upon was "Popular Delusions," but some expressions of preference for "Stone-wall Jackson" having been heard, it has been decided to open a book for votes at Hopper Bros., book store. Every person holding a season ticket, or who buys a single ticket, is requested to have his or her vote recorded for whichever one of these lectures is preferred and the one having a majority of the votes Saturday night will be decided upon. Do not fail to cast your vote some day this week.
Black Pepper to Go Up.
Marshal Pepper, col., who is wanted at Springfield, Tenn., for shooting a man about Jan. 20, 1885, was arrested in this city Saturday by police-men Twyman and West. He had been located here some time ago, but had heretofore eluded all officers put on his track. When caught he was engaged in making up mortar for a brickman. He was sent to jail to await a requisition from Gov. Taylor, as he refused to go to Tennessee without it. His accomplice in the crime for which he is wanted was arrested, tried and is now serving a term in the Tennessee penitentiary.

Mardi Gras Excursions.
The Louisville & Nashville Railroad Company will sell Round Trip Excursion tickets to Mobile, Alabama, and New Orleans, La., commencing on the Feb. 25th and ending on March 3rd, for one fare. Good to return until March 23rd. These special rates are given to afford all an opportunity to attend Mardi Gras in those cities.

A \$9,000 lace factory is to be started at Somerset.

THIS AND THAT.

Go to A. G. Bush for boots and shoes and save money.

A first class minstrel show is coming and "a long felt want" will be supplied.
Paper sacks for putting up hams for sale at this office, at from 1 1/4 to 3 cents each.

Wendling's lecture on the 25th will be the best of the series, and the last of the season.

Rev. J. C. Bushana, of Illinois, preached Sunday morning and evening at the C. P. Church.
The Christian County Medical Society met yesterday in the office of Dr. Sargent and Blakey.

Mr. R. F. Hives will build a handsome frame residence near Casky, Forbes & Bro. will do the work.

Dr. R. E. Christian has just received and had put up an elegant prescription case in his drug store.
Hon. Wm. Wharton, of Trigg county, has announced himself a candidate for re-election to the Legislature.

A very pleasant party was indulged in at Mr. W. Southall's, near Benetown, on the night of the 14th inst.
Ben Thompson is the train representative of Jno. G. Ellis' City Transfer. He meets all passenger trains at Nortonville or Guthrie.

Another cold wave came in Sunday night, the thermometer dropping 22 degrees in forty-eight hours. The mercury stood at 30 yesterday morning.

Capt. Geo. S. Irwin did not lecture last night as announced. His engagement was canceled last week and his lecture will probably be delivered in about sixty days.

The National Teachers' Association met in Nashville July 26-8 and Prof. C. H. Dietrich has been appointed to work up an interest in the matter in this section.

A dance was given at the residence of Jno. G. Ellis, near Howell on the 14th. Owing to the threatened rain the crowd was not large, but the enjoyment was complete.

The Young Men's Dancing Club gave a dance at Lord's Hall Thursday evening. On the same evening valentine parties were given by John Twyman, Jr., and Willie Brumham.

The Cadiz Telephone, Princeton Banner and Hopkinsville New Era are all represented at Cerulean by the same correspondent, who sends duplicate letters to the different papers signed "Salmagundi."

Mr. John Biddle, Lafayette, Ky., is making preparations to plant 200 acres in tobacco this year. John, it is said, has matrimonial designs in his head and has no idea that anybody else is going to raise tobacco. —Clarksville Courier.

Mr. R. Cook Koch, of Clarksville, has bought out the general merchandise store of H. H. Bryant, at Gracey, and will move at once to that place. Mr. Koch is a very popular young gentleman and we hope for him a good trade in his new field.

A valentine party was given at the residence of Mr. Geo. Knight, near Durham, on Thursday night last. Notwithstanding the rain, the parlors were well filled with such a variety of beauties and galaxy of beaus as are seldom seen together, even in the hospitable homes of South Christian.

Mr. Anderson Garth, of Trenton, and Miss Evie Wilson, of Paducah, were married Wednesday morning at eight o'clock. Mr. Garth is one of our most popular young business men, and Miss Wilson is one of Kentucky's fairest daughters. We wish them much happiness in life. —Elkton Progress.

Irvin Young, brother of M. L. Young, deceased, will continue to run the National Barber shop as heretofore, having secured the services of Sam W. Baker, of Gallatin, Tenn., to take the chair of the late proprietor of the shop. H. H. McCallen, better known as "Parash," is still with the shop under his new management.

Rev. Dr. Gill delivered a course of lectures on his "Travels Abroad" at the Pembroke Baptist Church, this week, for the benefit of the Pembroke Cumberland Presbyterian Church. His lectures are very interesting and were appreciated by those who had the pleasure of hearing them. The proceeds were small, owing to the inclemency of the weather. —Criterion.

As stated elsewhere, the Chautauques have kindly agreed to submit the choice of Wendling's next lecture to a vote of ticket holders and those desiring to buy tickets. The "circles" seem to desire his lecture on "Popular Delusions." Mr. Wendling is said to prefer this to any of his subjects, and most of those here who heard the "Stone-wall Jackson" lecture last year are anxious to hear the new lecture on "Popular Delusions."

WET AND DRY.

What is Being Done in the Prohibition Contest.

The election comes off one week from next Saturday.
Both sides are confident and excitement is daily increasing.

Luther Benson will lecture at the Court House to-night to men only.
The Dry majority was only 74 in 1886, in a total vote of more 5,814.

The Pembroke Criterion is supporting the Dry side, in the present fight.

Longview and Union School House promise to give tremendous Wet majorities.

The Wets are claiming 500 majority in the Hopkinsville district. The majority in 1886 was 202.

The vote in Hopkinsville before was 891 Wet to 689 Dry. Wet majority 202. Total vote 1,580.

Crofton and in fact nearly of the northern districts will probably increase their majorities for the Dry side.

Mrs. Alice Norman will hold a meeting for ladies only at the First Presbyterian Church this afternoon at 3:30 o'clock.

Rev. Geo. E. Campbell preached at the C. M. E. Church Sunday night on the subject of temperance, by special invitation.

Rev. E. N. Dickson will lecture at Casky on Thursday evening at 7 o'clock, on the subject of temperance. Everybody invited.

The Wet side is said to be stronger at Beverly than in 1886, but as the district is a new one it is hard to make an estimate of the vote.

A temperance mass meeting was held at the Baptist church Sunday afternoon. Addresses were made by Judge McCarrill and Rev. J. W. Crawford.

The Wet men sent out Saturday through the mails a large number of speeches against prohibition, delivered by Congressman Roger Q. Mills and Senator Dan W. Voorhees.

Fourteen out of 23 precincts went Dry. This time there are 25 precincts, Beverly and Oak Grove having been taken from Longview.

Some Fine Fowls.

Considerable interest is being manifested in chicken raising in and about the city and there are a number of yards of pure bred fowls. Most of them are kept principally for eggs and the Leghorns are therefore the favorites. Following are some of the yards in which their owners take a good deal of pride:

Jno. M. Morris has 65 Brown Leghorns and will raise them, this year on a large scale.

N. Zimmer has about 20 Brown Leghorns and W. S. Davidson has about half as many, and will make a start this year with this breed exclusively.

L. H. McKee has 25 White Leghorns. Dr. Patton has about the same number of White Leghorns and also a pen of Langshans.

John Young has 35 Wyandottes raised from stock bought of W. B. Cooley of Owensboro. "They are very fine and Mr. Young thinks the Wyandottes are equal to Leghorns as egg producers."

F. L. Waller, M. H. Nelson, Major Woodbridge and Owen Steinhagen have some fine Games and take considerable pride in breeding them.

There are a good many yards of Plymouth Rocks, which are considered by many the best of all "general utility" purposes.

Death of Mrs. Mammie Campbell Snodgrass.

Mrs. M. A. Snodgrass, formerly Miss Mammie Campbell, of this city, died at Martinsburg, West Virginia, last Sunday at noon, leaving a girl baby only one week old. The announcement will cause much genuine sorrow here, as the deceased was born in this city and lived here all her life, until her marriage last March.

The interment will take place in Martinsburg. The funeral will be preached at 10 o'clock to day in that city.

Mrs. Snodgrass was still quite young in years and her death is one of peculiar sadness. She had for many years been a consistent member of the Baptist church. She was prepared to go, but it is hard to understand the wisdom of Providence in such cases as this.

An Elegant Substitute.

Composition of Natural Gas.

Analysis shows that the average composition of the Pittsburgh natural gas is sixty-seven parts in one hundred of marsh gas, twenty-two of hydrogen, three of nitrogen, five of ethylic hydrate, one of olefiant gas, and the remaining two of oxygen, carbonic acid and carbonic oxide. In contrast with this, the gas obtained at Findlay, O., a prolific gas field in the northwestern part of that State, shows as follows: Marsh gas, thirty-three; four of nitrogen, two of hydrogen, and the remainder small portions of the other gases mentioned. In 100 liters of Pittsburgh gas, the heat units are calculated at some 789,694, in Findlay gas, 878,082, and by way of comparison, in the same quantity of Siemens' producer gas, at 118,000. In general, therefore, the composition of natural gas is estimated at 7,100 degrees centigrade, and when it is burned with a quantity of air just sufficient to secure perfect combustion, the temperatures are 2,333. C. for natural gas, and 1,700 for Siemens' gas.
